 - Creating an environment that encourages our children to develop positive self-images. We are inclusive and encourage exploration of their individual heritages arising from their ethnicity, languages spoken at home, religious beliefs, cultural traditions and home backgrounds.
 - We encourage the children to develop a sense of autonomy and independence.
 - Our curriculum and care enables the children to have the self-confidence and the vocabulary to get help when they are in difficult situations
- ABC KIDZ EDUCARE helps children to establish and maintain healthy relationships with their families, peers, caregivers at the centre, and with other adults.
- We work with parents to build their understanding of, and commitment to, the principles of safeguarding all our children.

Method

This policy will be implemented and updated by Esme Olyn, Principal.

ABC KIDZ EDUCARE promotes children's right and entitlement to be '*strong, resilient and listened to*'

- To be strong:
 - We are involved with 'our' families and promote security in the children's primary relationships, where they are loved and cared for by at least one person who is able to offer consistent, positive and unconditional regard and who can be relied upon.
 - We provide an environment in which the children can feel safe and progress optimally in all their learning and developmental areas.

- By guiding the children to feel self-assured so that they can form a positive sense of themselves - including all aspects of their identity and heritage.
 - By including all children equally.
 - We praise the children in order to encourage confidence in their own abilities and to take pride in their achievements.
 - By making group times part of the routines so that the children form part of their peer group and learn to negotiate, develop social skills and respect the rights of others.
- To be resilient:
 - By encouraging the children to be sure of their self worth and dignity.
 - We guide the children to be assertive, but not disrespectful, and to be able to state their needs.
 - We (age appropriately) encourage the children to try and overcome small difficulties by themselves.
 - We provide a controlled, safe, fun environment in which children can feel positive.
 - Sometimes things have to change due to circumstances, and when this happens, we support the children so that they learn to cope with change.
 - We encourage the children to be fair towards each other and to develop a sense of responsibility towards themselves and their peers.
 - Developing a sense of justice towards themselves and others.
 - To be listened to:
 - The adults at ABC KIDZ EDUCARE recognise children's need and the right to express and communicate their thoughts, feelings and ideas.
 - Our staff are trained and experienced and they are able to tune into the children's verbal, sign (gestures) and body language in order to interpret what is being communicated and meet the needs.
 - Our staff are all aware of, and respect, children's rights and responsibilities. We actively and enthusiastically advocate for children's rights.
